for 1940

EDITOR'S NOTE

It is the purpose of this book, as is the purpose of all good year-books, to represent the student activities of the year. Also, we give you a photographic record of your fellow students, professors, and campus of 1940.

By profiting from mistakes of past years, and by experimenting with a few new ideas and angles, we hope to leave you a book by which to enjoy the past in the future.

DEDICATION

To

DR. ALVORD L. BOECK

Through your tireless effort you have built the School of Business from the smallest department in the University to the largest, in five short years. You organized the Evening College only four short years ago, and through your care and interest it has grown to consist of nearly a thousand students. Because of these things, we dedicate the 1940 Horned Frog to you.

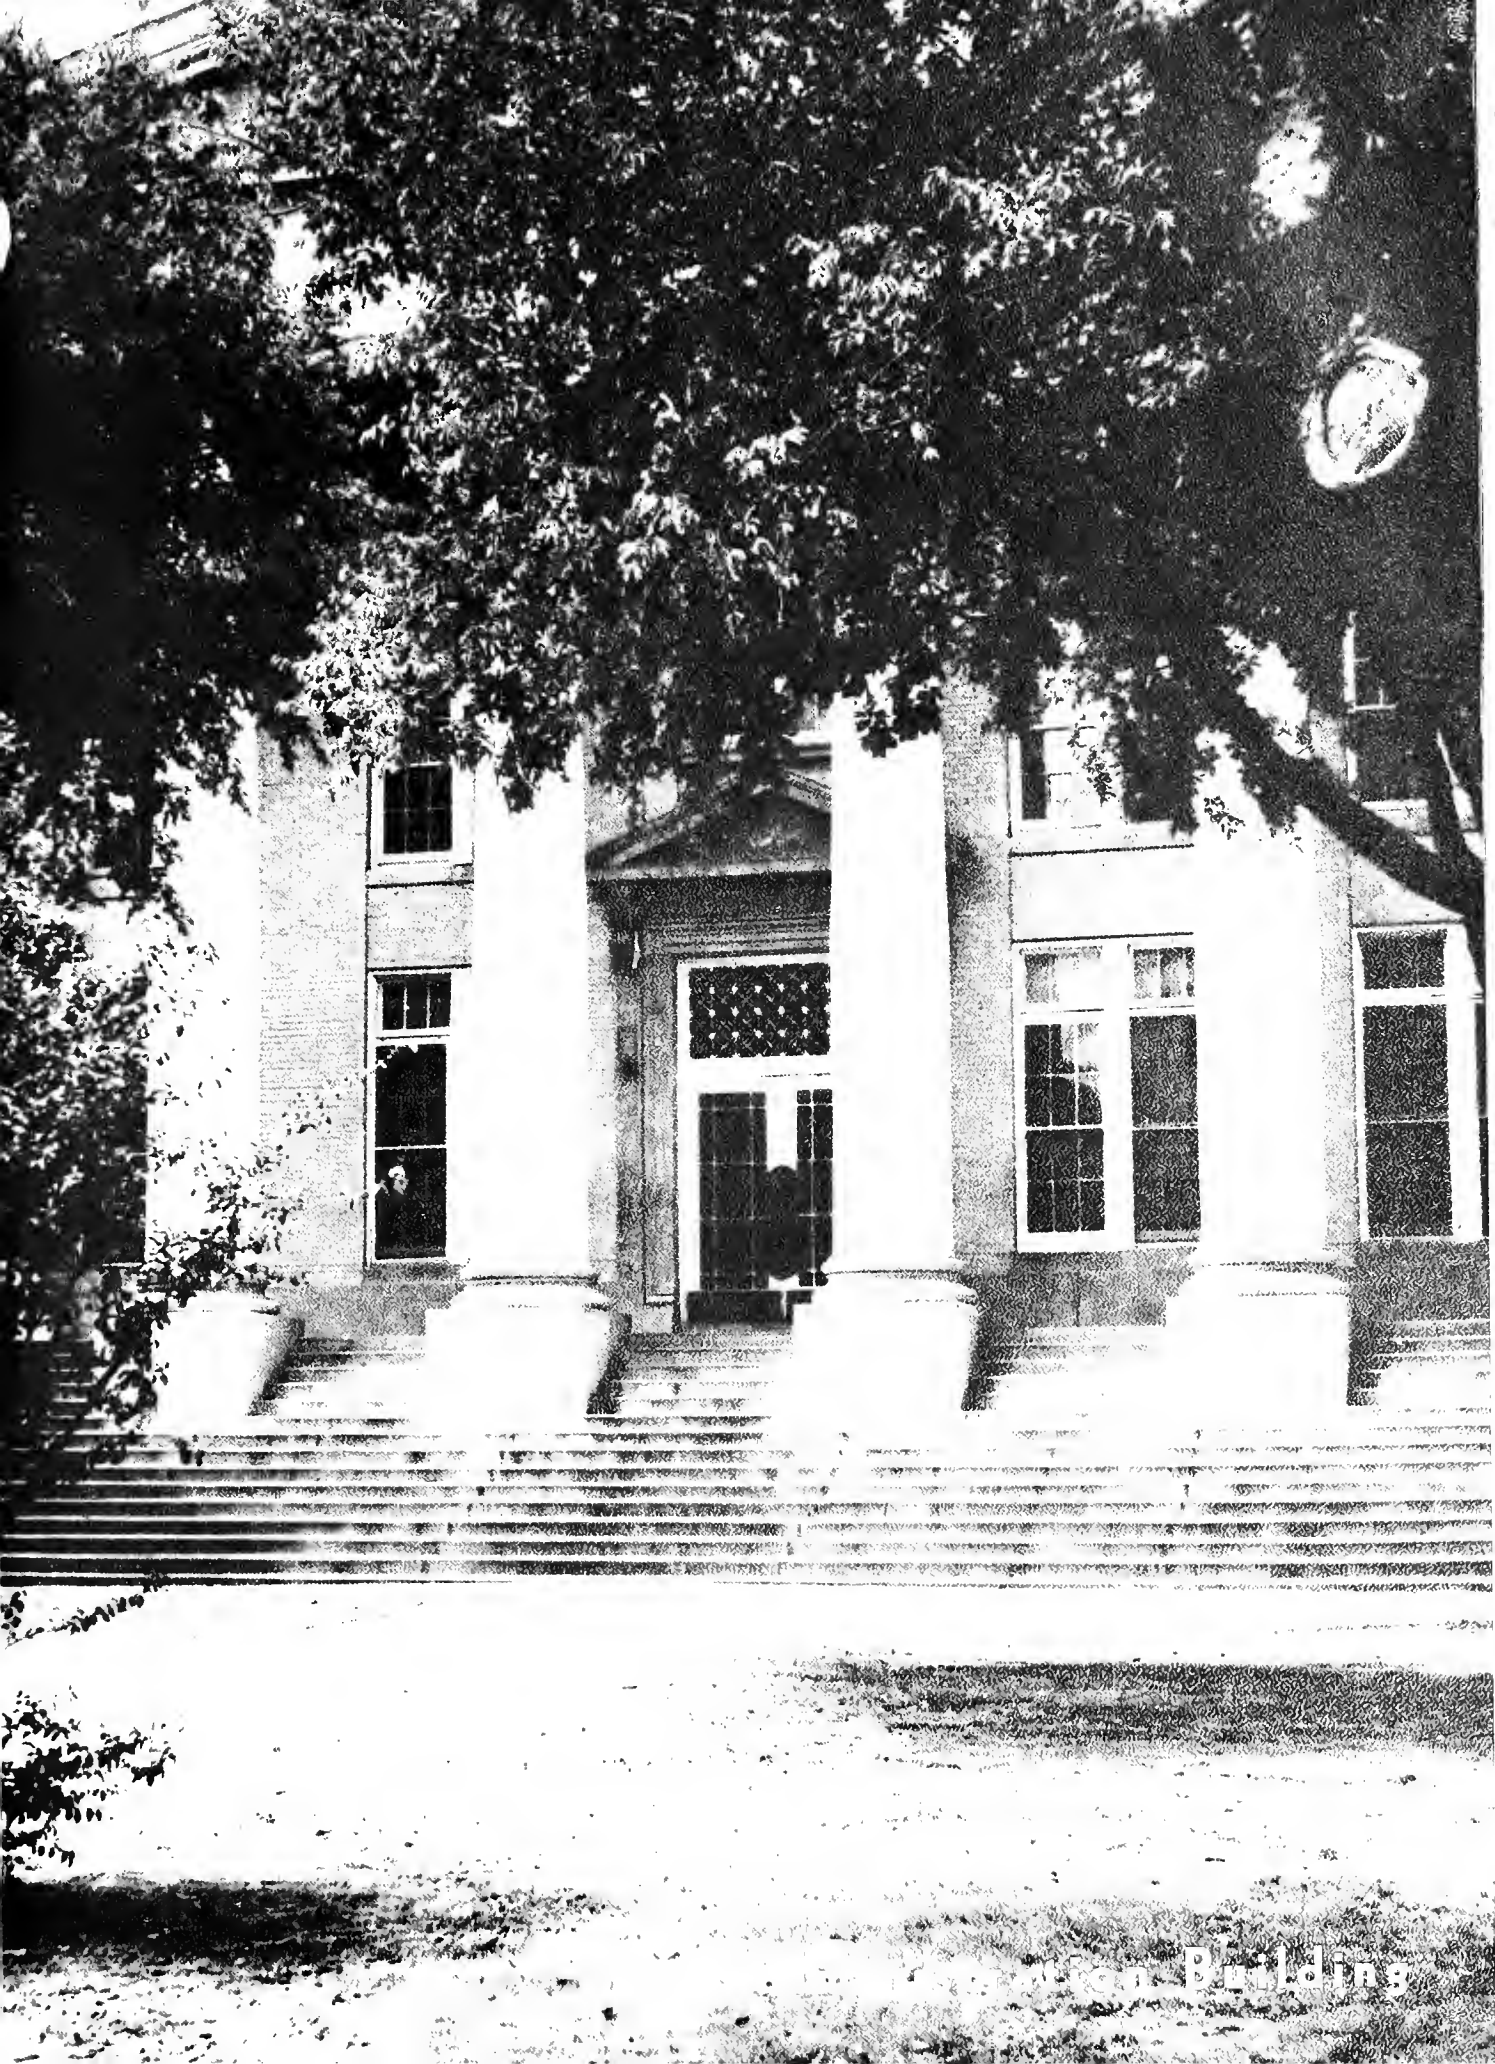

But more important, we dedicate the 1940

Horned Frog to you because you have never become too busy to listen to your students' troubles, and give them counsel whenever needed. Your apparently endless amount of energy has given you the strength to do the work of several men, and your high character and love of your fellow-man has held you close to your students.

To A. L. Boeck, a man and a friend, we dedicate this volume of the Horned Frog.

President's Message

EDUCATION AND THE GOOD LIFE

The Message of the President to the Class of 1940

●

*"Got any rivers they say are uncrossable,
Got any mountains you can't tunnel through,
We specialize in the wholly impossible
Doing what nobody else could do."*

●

Education is the enlistment of man's highest powers in the service of the best. Four years in the university should have enabled you to have formulated a philosophy of life but even more a philosophy of living. A philosophy of life may be abstract. A philosophy of living must be concrete, practical and of daily service. A real philosophy of living will include faith, open-mindedness, courage and perseverance; it should concern itself with those ultimate values of truth, beauty, and goodness.

Education has a threefold function to perform in life. It is decorative, utilitarian and spiritual. It should give refinement; it should enable us to become more efficient, to achieve with increasing facility the legitimate goals of life; and it must also humanize us. Education should train us for quick, resolute and effective thinking. It should teach us to weigh evidence, to judge critically and to discern between the true and the false. It should develop creative imagination. The new revelations of life come from those who "can frame out of three sounds not a fourth sound but a star—." True Education will transmit to us not only the accumulated knowledge of the race but also the accumulated experience of social living. It will educate us for the good life.

There are two qualities which distinguish the good life—adventure and service. It is only in the thick of battle that we are privileged to taste the intoxication of the good life. It is a life characterized by the prophetic rhythm of adventure. It hungers after a new heaven and a new earth. The whole story of human progress of the race has come through new truth, new insight and new

vision—those fine qualities by which the adventurous spirits have added to our social assets.

Certainly the good life requires the spirit of service, I therefore admonish you as the class of 1940 to launch out into the deep. What a joy to live when there is so much to live for! This very fact should gird your loins for spatial enterprises. You owe an incredible obligation to your generation. You are to discover new continents of truth; new frontiers of human values are yet to be opened. The powers of selfishness, ignorance and fear are to be subjugated, new eras of peace, good will and brotherhood, and understanding are to follow in this present world, turbulent and torn by war. If you follow the lure of the good life with its spirit of service and adventure, the charm and the enchantment of the pilgrimage will lead you through unending cycles of greater truth, greater beauty, nobler goodness, and unselfish service. As your thoughts travel in these vaster orbits new powers commensurate with the limitless tasks will come to you from the Omnipotent One.

Heaven's blessings attend you as you seek with restless feet, and resistless and undaunted courage, the glory and mystery of this good life that leads to the land of your coveted dreams. If the way at times seems dark, take courage from those fine lines quoted by England's King at the opening of the year. "I said to a man who stood at the gate of the year: 'Give me a light that I may tread safely into the unknown;' and he replied, 'Go out into the darkness and put your hand into the hand of God. That shall be to you better than a light and safer than a known way.'"

May that Almighty hand guide and uphold us all.

COLBY D. HALL

HORIZONS

One year I discovered nandinas. The red berries and the reddish tinted leaves attracted us. We bought and planted one in our yard, and were very proud of it. I was under the impression that ours was the only one on the hill, for I had not observed any before. But in the course of a drive a few days later, behold there were scores of them in other yards. They had been there all the time, but my eyes were not open to them. Thus came a new horizon into my little life. Because of that I always enjoyed seeing nandinas.

One little shrub isn't very important. But one horizon is. For a growing life is made up of

Administrative

growing horizons. In my Freshman year, it was the Greek language that came as a thrill to me. Those funny looking letters took on real meaning, and through them I began to get acquainted with the thoughts of an ancient people which greatly influenced this world of mine. Then came physics, and the old earth was a new one to me. Then others. That is the joy of study. More new horizons may be discovered in the four years of college life than any years we have. May be, if we are out looking for horizons.

As I see you, the seniors, go out into the work-a-day world, I wish for you two things: constantly expanding horizons, and the zest to enjoy them. Mountain climbing is a drudge if it's merely your job; it's a thrill if you are watching the horizons expand.

Always keep yourself naive enough to enjoy the thrill of learning new things. This is one happiness the blase never know.

Moments of "thrill" are of little value. A lark, a daredevil stunt, a dash of daring sin—one moment and it is gone, leaving perhaps an ache and an extra wrinkle. But new horizons are different. They stay. The world is ever bigger, and life is richer as we add horizons.

There are thousands of them; the world is very rich. You can choose some; you must pass by many. But there are two horizons of life without which there cannot be genuinely true living: the joy of service, and a sense of God. Without the first, life turns inward and becomes stagnant, as a rancid pool. Without a consciousness of God in our lives, the sky is so low, our world can only be small and disappointing.

May your years ahead be blessed with ever-expanding horizons, and what is more, may you retain the ability to find surprise in every one of them.

COLBY D. HALL.

Officers

Everybody knows "Mr. Pete." A T. C. U. graduate in the class of 1911, he has helped to keep alive that friendly spirit which has made the Ole Alma Mater famous.

Not only does he guide the financial side of T. C. U., but he is one hundred per cent a "purple" man.

L. C. Wright, or "Mr. Pete," as he was called by fellow students, was a tackle on the Texas Christian Fightin' Frog team, and was captain of the Frog squad in both 1907 and 1909.

Signing "T. C. U. by L. C. Wright" keeps him busy most of the time, but now and then he tries his hand at golf. A year doesn't go by without a fishing trip during the summer, and hunting comes next in line of favorite sports.

L. C. WRIGHT—"MR. PETE"

He's the man who handles the financial part of football trips, purchases supplies for the University, checks student accounts, and is one of the persons responsible for the recent beautification of the campus.

STUDENT COUNCIL

The Student Council started its activities very early in the school year by assisting in the freshman orientation program. It provided name-badges, arranged a special program the Saturday night of "Freshman Week," and directed the Freshman Prom.

Throughout the year it successfully carried out the regular duties of the Council—conducted the school dances, provided for all elections, sent school representatives to the Round-Up and Cotton Ball, handled the details of the student body trips and Home-coming, and cared for many other activities affecting the Student Body. Of special note is the voting machine used in the Spring Election and the Barn Dance given free to the students in connection with the "Ranch Week" celebration.

Through Council action students were allowed to meet with the Chapel Program Committee, and the Council itself had charge of two programs. It made possible a new radio for Jarvis Hall and co-operated in procuring campus landscaping and a safety plan for the rear drive.

Outstanding activity of the year was in connection with joining the National Student Federation of America and the study of student government. Dick Jay was sent as delegate to the national NSFA convention in Minneapolis, Minnesota. Bill Crossfield and Dick Jay were sent to the regional meeting in New Orleans, Louisiana.

Of far-reaching influence was the establishment of a Student Council Scholarship—given each year to the student who has contributed most to student welfare. It was designed to encourage work in student government and student activities. Another significant action was the provision for a standing Faculty-Student committee to have regular meetings in order to discuss common problems.

The year's work showed marked advancement toward a vital student government program at T. C. U.

"In the Beginning"

Kenneth Griffith and Scranton Jones
sell Freshman caps as they enter.

Button, Button, who's got a Fresh-
man? Bernice Griffith and "Pop"
goes a button.

Mr. Dunnigan assisted by Joyce Rob-
erson relieve the "Fish" of extra
"tins."

Get your programs at the Registrar's
Office—can't tell your Professor
without a program.

And last—get the books you won't
crack.

Social Stuff

Student Body President Bill Chappell, and others make speeches—to bewildered Freshmen.

Then to Counsellors at the Library and arrangements for "Freshman Prom," John Lucas doing the arranging.

President Waitz leads the Grand March, and the party commences.

Mrs. Cockrell, hostess at Sterling's open house, is aided by a "bevy of beauties," and even our photographer, served by "Beauty" Espy, enjoys the social life.

Dance intermission.

More dance.

And, to see if you can take it— a physical examination.

Whether she could take it or not, Maxine Bender elects to rest.

Jarvis has open house too, after Charley Prior gives Bill Blackstone an award for Freshman activities.

Xena Ruth Gill and Bill Ramsey socialize before one of the early pep rallies.

And then for a bit of social relaxation at "Doc's."

President's Reception

Receiving line.

Mrs. Mothershead has "Dutch" Meyer cornered.

That's Registrar Hutton surrounded by the girls while Dean Hall and President Waits carry on.

Refreshment table—popular place—around which Tom Barber and Frosty Reed enjoy standing.

More receiving line with Dr. Allen True and Mrs. and Dr. Boeck still going strong.

Jack Perryman and Bill Patton enjoy some of George Loudon's "art" work which warns students to get their picture made before it is too late.

The Skiff ran the story—

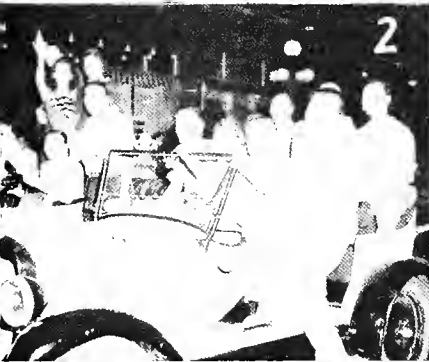

Why! We even threatened with a raid.

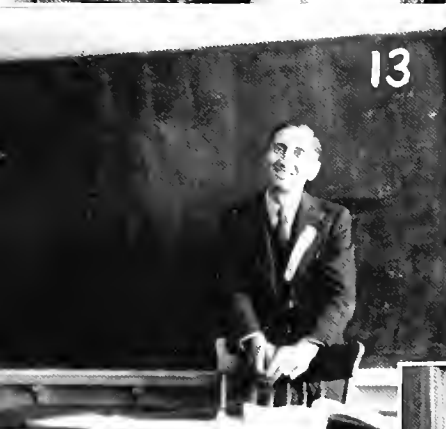

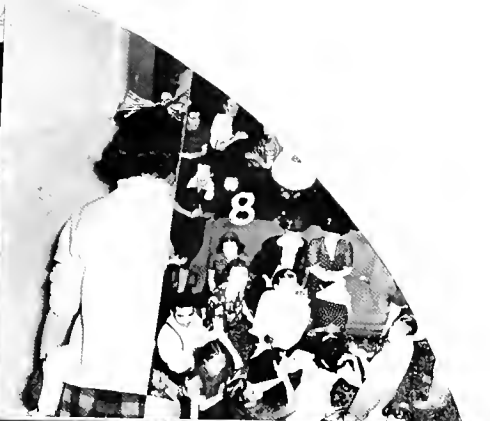

Students talked about getting their pictures made before classes.

During classes they discuss it

Between classes they thought about it and in the end those in sorrow were those who didn't make the mad rush to Orgain's as did Logan Ware, Earleen Polk, George Petta, Elnor Jennings and happy Betty Dyer.

Game Spirit

Snake dance down West Seventh with students in—well almost in cars—well almost a car snake dancing between cars and hanging on at 60 miles per.

It took a little bit of warming up at the "Big Gym" but it works out swell in hotel lobbies.

Gene Roberts, Elizabeth Biser and Cathrine Johnson try to sell Mrs. Scott some chrysanthemums.

Some more pep rallies.

Dancing, and pep rallies.

After the football boys—Earl Clark and Logan Ware—left

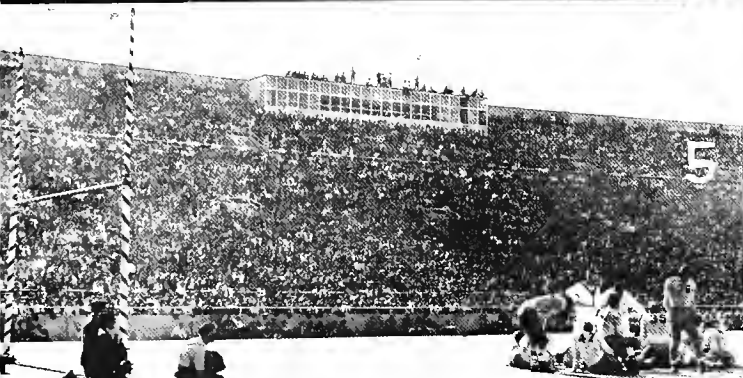

It took all the Freshmen we had to "protect" our campus.

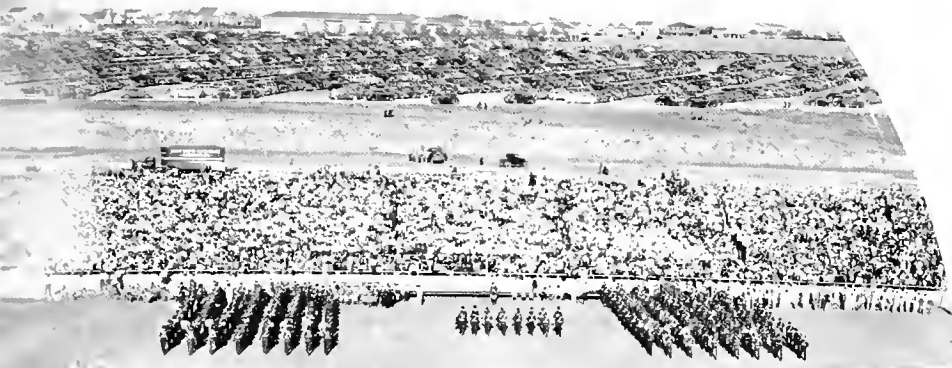

Guess Mundhenke just found out "what to do"—anyway he had a "Beat Baylor" ribbon on.

Jimmy Petty, Don Gillis, and Gene Scrughan put some pep into the rallies.

Friend or Foe? ? ?

Helen Hale awards Harrell Rea with a "Beat somebody" ribbon—all for one dime.

The Games Begin

A little pep in the hotel lobbies.

A mob running out of a revolving door . . . it can't be done.

Fair examples of what a shirt tail parade is

And how they got there.

Even a "time out" keeps Band Sweetheart, Betty Wray on her feet.

Some nice people pose for the camera . . . it's done in the best of year-books.

And thus is how it looks from the press box.

And this is how it looks from our seat . . . cheaper too!

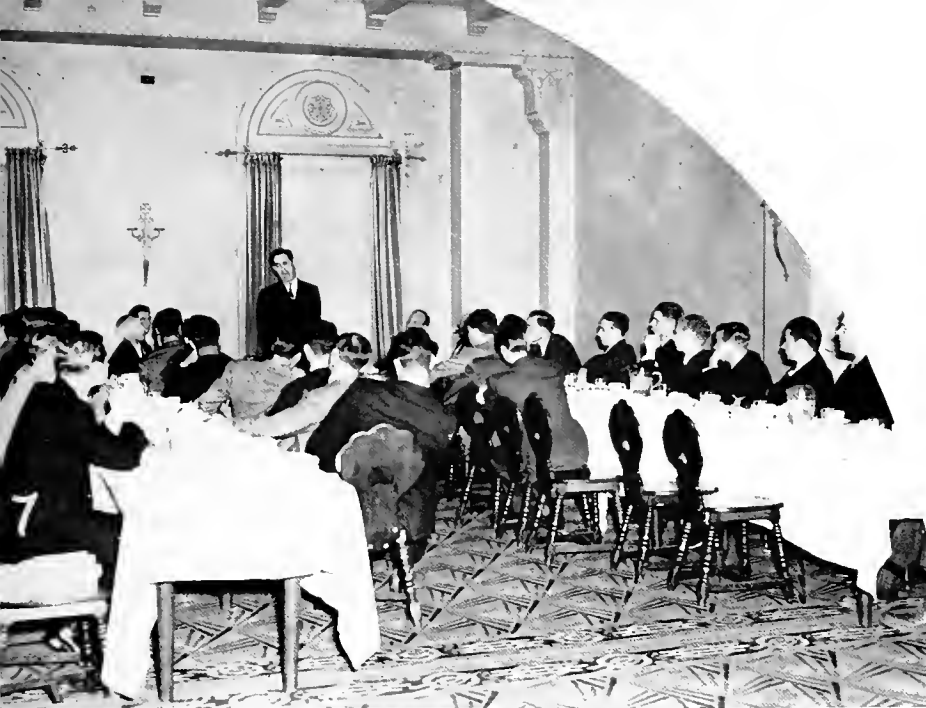

Serenade by the A. & M. Band.

Fashion expert, Tom Barbier reviews the season's fashions for Freshmen as Don Gillis and his Salon Rowdies give background give an' stuff.

Freshmen rush for their shoes.

And Buddy, Odell, Trotter, Ray, Sunny and Carter spend unhappy moments untying knots.

B. Law Court and Things

Honorable "Honest John" Patton presides over the squabble between attorneys Davis McCullough and Malvin Stevenson, so . . .

Steve gives up to question Laura Jones.

Hissonner objects to "looney" Lacey's silly answers — well, they were silly questions.

Candid shot of star witness Marjorie Capps.

McCullough quizzes Leonard Rosenthal.

Some of the boys at a Chamber of Commerce meeting before the banquet that night at which Homer Tamlinson was guest speaker.

The guilty man—Bill Chappell.

Stanley doesn't believe a word of it —does Christine?

Billy Holliday and Tom Wilkenson have a little trouble voting for the favorites.

Even Crouch is puzzled.

Henry asks for the highest bidder at the benefit dance.

Student Trip

Early on the morning on the train.

Frances Buster and Helen Connor play bridge.

Dottie Stubbs, Henry Barton, Erleene Polk, and Charlie Pryor play a lively game—

Betty Simmons and Jean Bloodworth allow Jack Perryman to relax a bit.

Jones and Chamberlain enjoy the ride.

The big black seagar lasted all the way back too.

This blond didn't want to have any trouble with Homer's girl—Ann Coles—also a blond.

"Is this it?" asks Woody Lipscomb.

"It sure is," says Evelyn Woodley and Jimmy Petty.

So they relax until

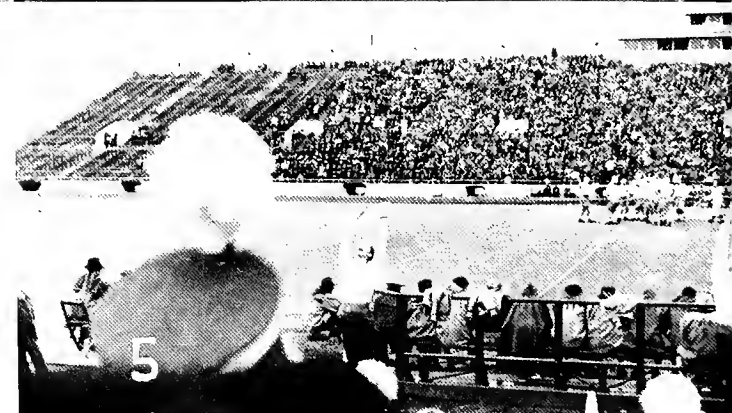

The rest of the students get off the train

And parade

Up the main drag to

Serenade the hotel.

The Game . . and Then Home

The crowd roars, "Here comes

The kick-off."

Guy Boird didn't like it . . . so they
did it over?

John Hays is ready with the down
beat to help that

"YEA TEAM!"

Well, we didn't win, but it was a
good game

And we can still enjoy the dance

Even if we did have to stand in the
rain.

That flashing sportsman, Bill Hay-
worth, sat up all night (with the
aid of some "hot coffee") telling
Anita, Marquete Head and Clar-
ance Easter how it should of been
done.

The rest of the passengers tried to
get some rest in various positions.

A bunch says "Hello!" to

Betty Dyer who just loves to look out
train windows.

And then there was Jayne Maxon
who took "10" while at Waco.

Home Coming

The crowd is ready.

The team is ready,

And Band Sweetheart Elwyn Espy is ready.

Well, the game is over (see it in the sports section).

Howard Grubs pats encouragement to Earl Clark who was hurt pretty badly.

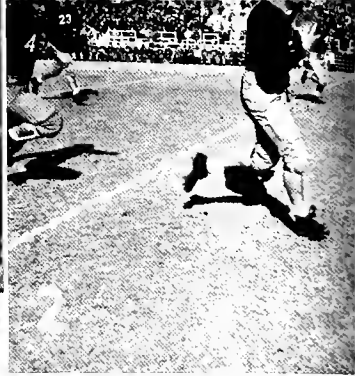

Amon G. praises the boys for a good fair, hard fight and again gives them a dinner.

The Band "chalk walks" in the Field House during

Dinner for the Alumni.

The results of the "seat practice"—snappy formation.

Still Home Coming

It was a good game that had President Waits biting his nails.

T. C. U. gets a break!

But so did Earl Clark—a bad break.

The band "Sweetheart" was presented.

Captain Bud Taylor couldn't play his last game.

The boys were tired after the game, but

Their "Dads" were proud of them anyway.

Such old timers as Ki Aldrich were there to greet them with a word of cheer as they came in.

Don Looney takes 'em off for the last time.

Smitty puts the stuff away 'til next season.

Helen Connor made Bud forget the game and the crutches.

Jack Odle found a way to forget too.

Woodrow Duckworth and Bob Cook are the last ones out of the showers.

Various forms of dancing

Are recorded for posterity by the Horned Frog's photographer, Roy Hearne.

Miss Capps and Mr. Chappell take a pause that refreshes.

Pat Patton and Al Sheppard carry on.

And still they come

As Jimmy Nicol rakes in the cash.

Dance over.

Christmas is Here

Larry Kent plays for the Skiff-Good-fellow and Santa Pal Benefit show, and

Harriet Kaye sings "Oh, Johnny"—we would say, "OH, HARRIET."

Then a novelty number.

And they still come—Betty Williams "Pays" Vernie Barber, as Floyd McRoberts and Maxie Kirkpatrick see that it's done right.

President Waits and faculty members enjoy Christmas dinner.

Connie Sparks and Florrie Buckingham—also Bob Johnston and Elwyn Espy participate in the Horned Frog Revue.

A bit of rest

And more rest.

Connie Clark and Mary Helen Lancaster leave, as Harry Maloney, Pat Priddy and Nancy Elizabeth Shugart arrive at the "Inn."

After the Games Are Over

Cheer leaders Bill Crossfield, Duane Kellam, and George Stroud show how it should be done.

The photographer looked behind a pillar to snap the pretty girls but when Connie Sparks trails 'em, it's double or nothing.

Georgia Ratliff votes for something or other, probably just because Jack Leary takes the balls. That's Virginia Roberson and Tom Trimble enjoying the sights.

In a "B O" examination Bill Patton and Bob Parker talk it over. JB (can't get bread in a bakery) Carson, and H. B. Burr sit back and think it over.

Charles "the Mad Cossack" Zlatkovich searches for the slip of paper on which he keeps his name spelled out.

Tom Keplinger takes a drink—to correct that de-hydrated condition of the morning after.

Preston Thompson and Dick Everett offer the photographer some "cheese cakes" which isn't

What amuses Marjorie Capps.

Snow Scenes

In the morning there was snow
just like that!

Georgia Ratliff admires the snow but
Jane Manning runs into difficulty.

So activities continue, and there is
snow in the face and runs in the
stockings.

Mushing between classes.

More snow rolling which includes
R. D. Madland and Kay Hearne.

More Snow

The night—and moonlight too!—with tracks, mostly leading to Jarvis.

But back to the day's activity—Pat Rogers cleans her feet like a neat little girl before entering the "drug."

Ruddy Russell—Jane Adams—Jean Sisson—Mozelle Veale—and Phil Russell out sledding.

Ruth Mulkey and friend make snowballs.

Lefty Davenport gets "took" by Bromo Seltzer and Jack Leary.

Of course they still come to school, but after school Bob Johnston, Frosty Reed, Ray Stanley, Elizabeth Ann Fields, Don Looney, Elwyn (forehead) Espy, and Jo Martin yes, all of them—go for a ride.

And there's still enough energy in Johnston to push another snowball in somebody's face.

Around the Campus

Bryan "Mac" McGinney after a hard night, or how to get rid of a cold.

They say that that's Lucile Pawelek, with the wind and the hair in her face, and Elwyn (once again) Espy, and Jean Sisson studying in the dear old library along with Betty Putnam and others.

Do they go for that Skiff!

J. Frank Norris tells about his trip around the world.

President Waits, Mr. Prouse, and Dean Hall are hosts to the President of the University of Michigan, Dr. Alexander Grant Ruthven, his wife and party.

Bill Crossfield and Perry Gandy pitch horseshoes, but we hope it didn't land in the lap of our sleeping friend.

Miss Shelbourne sees to it that her Freshmen have a good time.

Paul Sorrels, Joyce Roberson, J. B. Cason and Bobby Roberts "enjoy" an economics class.

Main Hall congregation.

Mr. McGuire and Mr. Dees talk it over.

Cleland Early is heckled by Smitty Smithson, who was hired by Bill Haworth.

Thespians and Students

A scene from the outstanding comedy of the year—"George and Margaret," which topped even the winning play given by the Sophomores in the Freshman-Sophomore play contest.

Miss Moore, who supervised the plays, thought that the Freshman play was good too.

Such scenes as this one required careful direction. Harry Jennings and John Frank Lucas study script from Wanda Beth Crawford.

Just to prove that we do study—and plenty of elbow room too.

Just lick your finger as Mary Jordan does, and you too can turn a page—this one.

The Profs

Amid the fumes of the Chemistry Lab Professor Hogan explains what makes H₂O.

"Billy" Marsh tells the boys how.

Dr. Allen True—ping pong expert from way back—always in a good humor.

Stooge Goodspeed assists Professor Sammis with sound effects.

Dr. Scott admires one of his pets.

Miss Enloe measures "Your-Guess-Is-As-Good-As-Ours" Olson.

Miss Moore tried hard to keep from laughing.

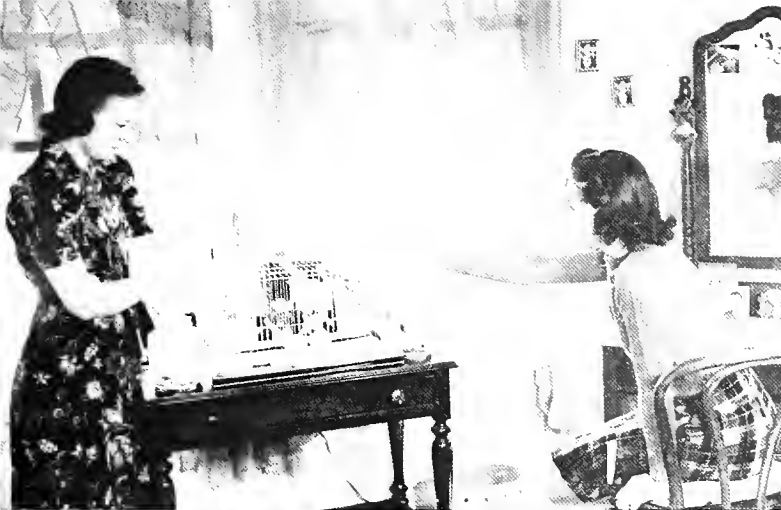

Professor Gaines is just a cowboy at heart, but is cursed by being a Physics genius.

Crouch brightly raises his hand to answer one of his pupils' questions, and Professor Mundhenke puzzles what to do—again.

Ziegler explains about forms—as if an explanation were necessary, and Dr. Dougherty studies contentedly.

Girls' Dorms

Birds in a gilded cage—including Louise Dunaway, and Mary Sam Blanton of Sterling.

The girls in Tomlinson admire Mary Frances Neal's new shoes.

Leis Craddock chats with Doris King, and then visits May Anna Duncan.

Jarvis — house of beginners — note sign.

In the arms of Morpheus, but that's not the guy she's dreaming of.

An afternoon of bridge.

"May I come in?"

The photographer, yes, your editor, hypnotizes his subjects—he only wishes he could.

Boys' Dorms

Woody Adams and Bill Ramsey relax before going out, but Jack Reedy is just about out the door.

Bill Crossfield entertains Jimmy Hampton and Max Ballenger with a lively little game of catch.

But George Cagle, Bruce Alford and Dean Bagley enjoy a quiet game of dominoes.

Among those leaving for the evening are P. C. Taylor, Dutch Ehlers and Bud Taylor.

And this "posed" photo shows Fots White and Cleland "Future Governor of Texas" Early studying.

A good ole "bull session" (note bull).

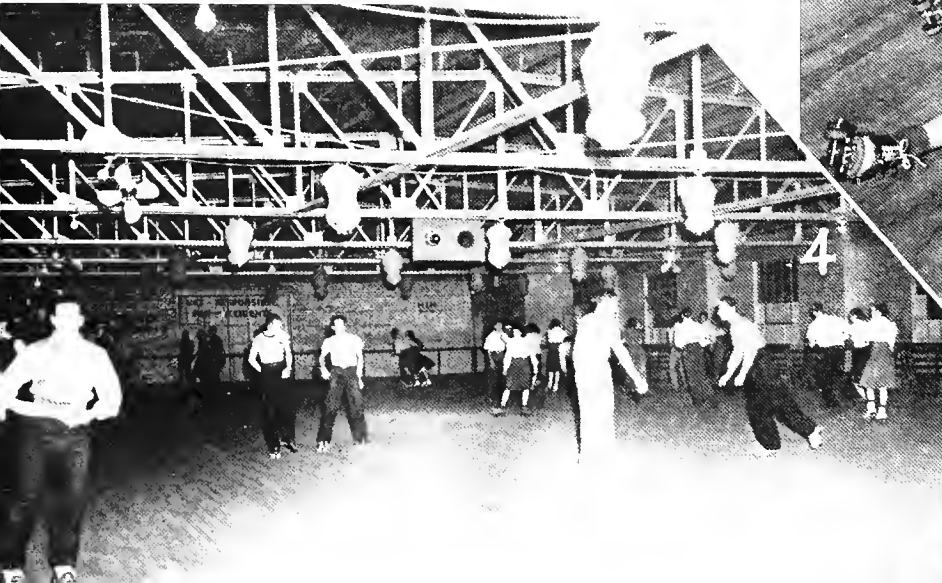

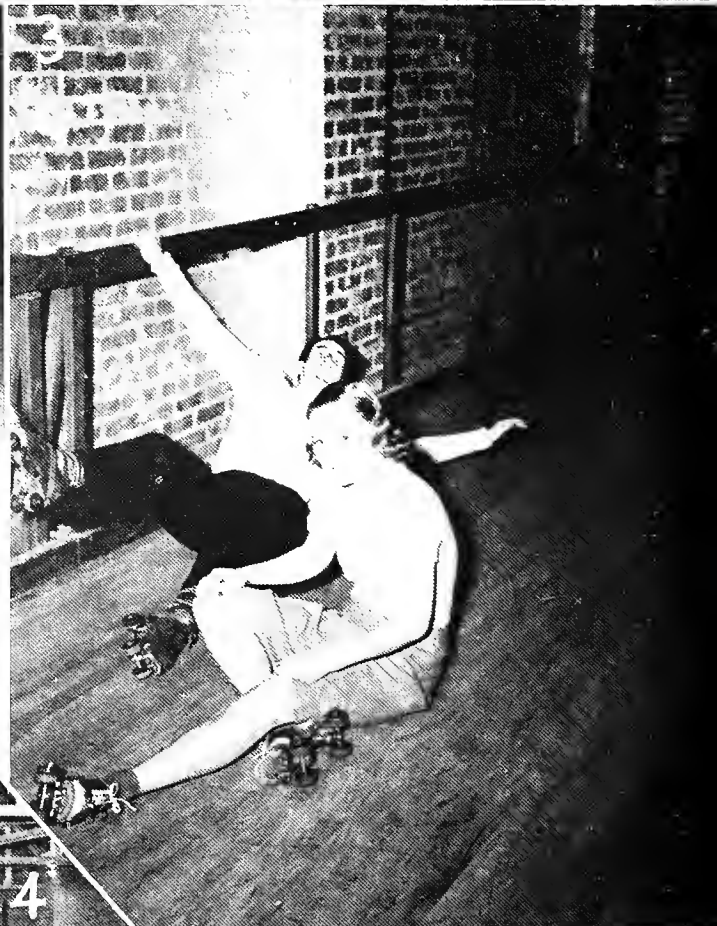

Jack Reedy's skating doesn't help

Bill Wright study any

but Dick Jay is too high to hear—that guy could study in a cyclone.

Buddy Barron and Roy "photographer" Hearne chat with some of the girls.

Among the Upper Classmen

Senior class meeting, which ended in a skating party, which ended in Roy Duncan and Mary Miles Bivins and Charles Cope and Margaret Kundts busting the — floor while others skate blissfully on.

Vice Versa dance, in which Spencer Smith does all the good.

C. Z. and A. L. talk over

How Helen Jane Thomas helped Frank Boggeman into the car the night of the Vice Versa dance.

C of C

and A. P. O.

of mice and men.

Well look! Charlie can still sit down!

Some Are . . . and Some Ain't

Helen Ruth Verhyden and Julius Menzeoff always, well nearly always, enjoy lunch at the "Inn."

Roy Duncan, the boy who was Frost-bitten after missing the Bus.

Peggy Greene and Odell Harrison compare notes, or something.

Jean Sisson and her playmate evidently take the matter seriously.

Bill Morris and Mary Lou Jordan pose for a picture.

See how calmly Rufus Whatley takes a snow facial as given by Lois Craddock.

Bob Parker seems a little bit bashful, but Elizabeth Hager is proud of him anyway.

Mac Best and Fenton Clark were watching the tennis games until the photographer interrupted.

Cristene and Stanley are still eating —must be good.

Jimmy Nicol lets Nancey Finley take over at the Leap Year dance.

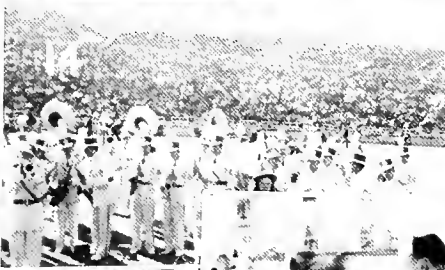

Others who like to eat also are R. D. Madland and smiling (?) Betty Seaton.

Mary and Johnnie just love that sunshine as do Betty and J. B. (for bread) Cason.

Mildred Smith and Vernie Barber like to study together.

From a distance that couple looks like Justine Moore and Drummond Slover.

Amateur Snaps

The "Boys in the back room" during ranch week.

Not college students sowing their wild oats, but PROGRESS.

Fashions of '40 by Susan Earheart.

Capps by Chappell.

"Daisy" Rhone converses with James Pattee and maybe Blair Kirkpatrick.

Tennis does make you tired.

Art in the Art lab.

Some of the girls relax.

A man's best friend.

This is what the Fat Stock Show parade did to George King.

Chappell by Capps.

Tiresome tennis again.

"Well, now I've done it," mopes the engineer who almost made it to California on one engine.

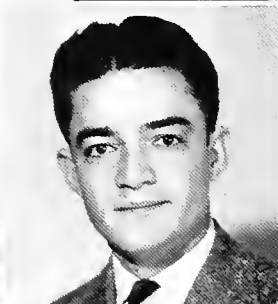

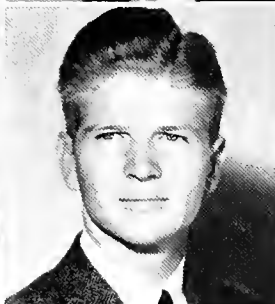

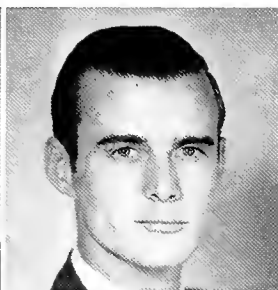

But the band got back all safe and sound—well we won't mention the sound.

Guys like to sit on the library steps or even on the steps of Clark.

Picture . . . picture . . . picture! You can figure it out from here.

WHO'S WHO

ELISABETH BISER — As head operator Elisabeth is in a position to know who rents lines to Jarvis, Goode and Clark. Plenty active in campus doings, she has time to play tennis and jot down essays and short stories. She likes to take part in group singing too.

BETH LEA — Beth has the talent and ambition to become a portrait painter. This, by the way, is the second time that Beth has been chosen most representative student in the art department. Besides having the —er — ability to be a Casa Manana show-girl, Beth can put up a good argument in the history office.

JACK SHIRLEY — "Red" from California. Head man of the Men's Glee Club. Versatile in English classes and in the pulpit, Jack Shirley is another in a long line of Shirleys who have helped make T. C. U. bigger and better.

TOM SWILEY — Known as the guy who practically yelled the Frogs to a national football championship in 1938 as head yell leader. Tom deals out the books in the library at night, and also deals out some plenty swell editorials. Has quite a racquet — plays quite a bit of tennis with it too.

EVELYN WATKINS — As if she isn't busy enough guiding S. C. A. groups, she reads and collects different issues of three-cent stamps. And well she might collect stamps, since she spends a good part of the day helping Mrs. Tracey down at the Post Office.

RUFUS WHITLEY — Named "Most Representative Student" of the History department last year. His debating successes can't be counted on your fingers. And on account of this he was one of the F. F. F. boys who traveled around before legal vacation, going to big doings up Tennessee way this spring.

STANLEY WILSON — The mystery man. Stanley Wilson, one of the big shots in the production of the Varsity Show. Stan shows great promise as a salesman — plans to be one even. Looked after those irresponsible Seniors, trying to get them to meetings now and then.

MARGARET JANE BISER — "Meg" seems to be an all-round girl. She likes chess, she likes chess, and ditto. Margaret Jane has rescued many a sinking math stude and feels right at home in the physics lab. Besides being a very convincing debater, she made a perfect score and received \$25 when she and five other co-eds of T. C. U. bottled wits with S. M. U. eds.

ERLE POWELL — Papa and president of the Chamber of Commerce. It was he who started the rip-roarin'est Ranch Week in anybody's horse opera. His activities with the Varsity Show helped to make it a smash hit. And if there was anything that needed being done on the Horned Frog, besides just plain Business Managing, Erle was the man who could and would do it.

GENE ROBERTS — Music has engulfed Gene so that we hardly see her around. Her hobby and life's work — the piano — comes in handy in her participation in campus activities. Gene is an "A" student too, but all this high-toned knowledge doesn't keep her from being a most sociable person.

LENORA SALMON — Her dancing still has everyone talking about the "V" Show. Lenora not only likes to dance but hopes to make it her profession. As far as T. C. U. is concerned she's tops already.

ORA SHELTON — The girl behind the smile when you step into the office to see Dean Hall. Seems that she should start giving advice to the lovelorn for her sociological viewpoint is very valuable. Collecting poetry and hiking are her hobbies. Our idea of a perfect secretary.

WILLIAM CHAPPELL — Bill likes to work with wood and words. He seems to live up to all those "I promise you" deals set forth last year. Sure made a good Student Council "Prexy."

WILLIAM HAWORTH — The man with a million ideas. This is the second time he has been chosen for most representative journalist. Night life is his favorite occupation — next to sports, that is. Going 50-50 on cigarettes and liquid dieting are other accomplishments of Skiff Editor Haworth.

RETHA HUGHES — A Miss who considers figures (mathematics you dope) bliss. Problems here, problems there, leave it to Retha to solve them all. Freshmen wonder how they would survive without her helping hand.

MALVEN STEVENSON

Elected by the students as the Most Representative Student in the T. C. U. student body. Received an all-expense paid trip from The Skiff to the Austin game.

MOST REPRESENTATIVE STUDENTS FOR 1939-40

Top Row: Art—Beth Lea; Bible—Dick Clayborne; Biology and Geology—W. F. Rankin; Business—William Patton; Chemistry—Oscar Morphis; Economics—Carl Poll.

Middle Row: Education—Elwyn Espy; History—Rufus Whitley; Home Economics—Eleanor Jennings; Journalism—Bill Harworth; Mathematics—Margaret Jane Biser; Modern Languages—Adale Reiger.

BILL CROSSFIELD
Winner of the Student Council scholarship.

Bottom Row: Music—George Campbell; Philosophy and Psychology—Leon England; Physical Education—Fenton Clark; Physics—Tom Cunningham; Public Speaking—Ceville Moore; Sociology—Don Ver Dun.

ALL'S WELL THAT ENDS WELL

"Butterfly Catcher" Allen and Elizabeth find Jarvis steps a popular place—
Where are the other two musketeers?

The perfect setting—even to ripples in the stream—and Georgia and J. B.

Gerry gives a dignified pose for the cameraman.

Spencer and Mary take this dancing seriously.

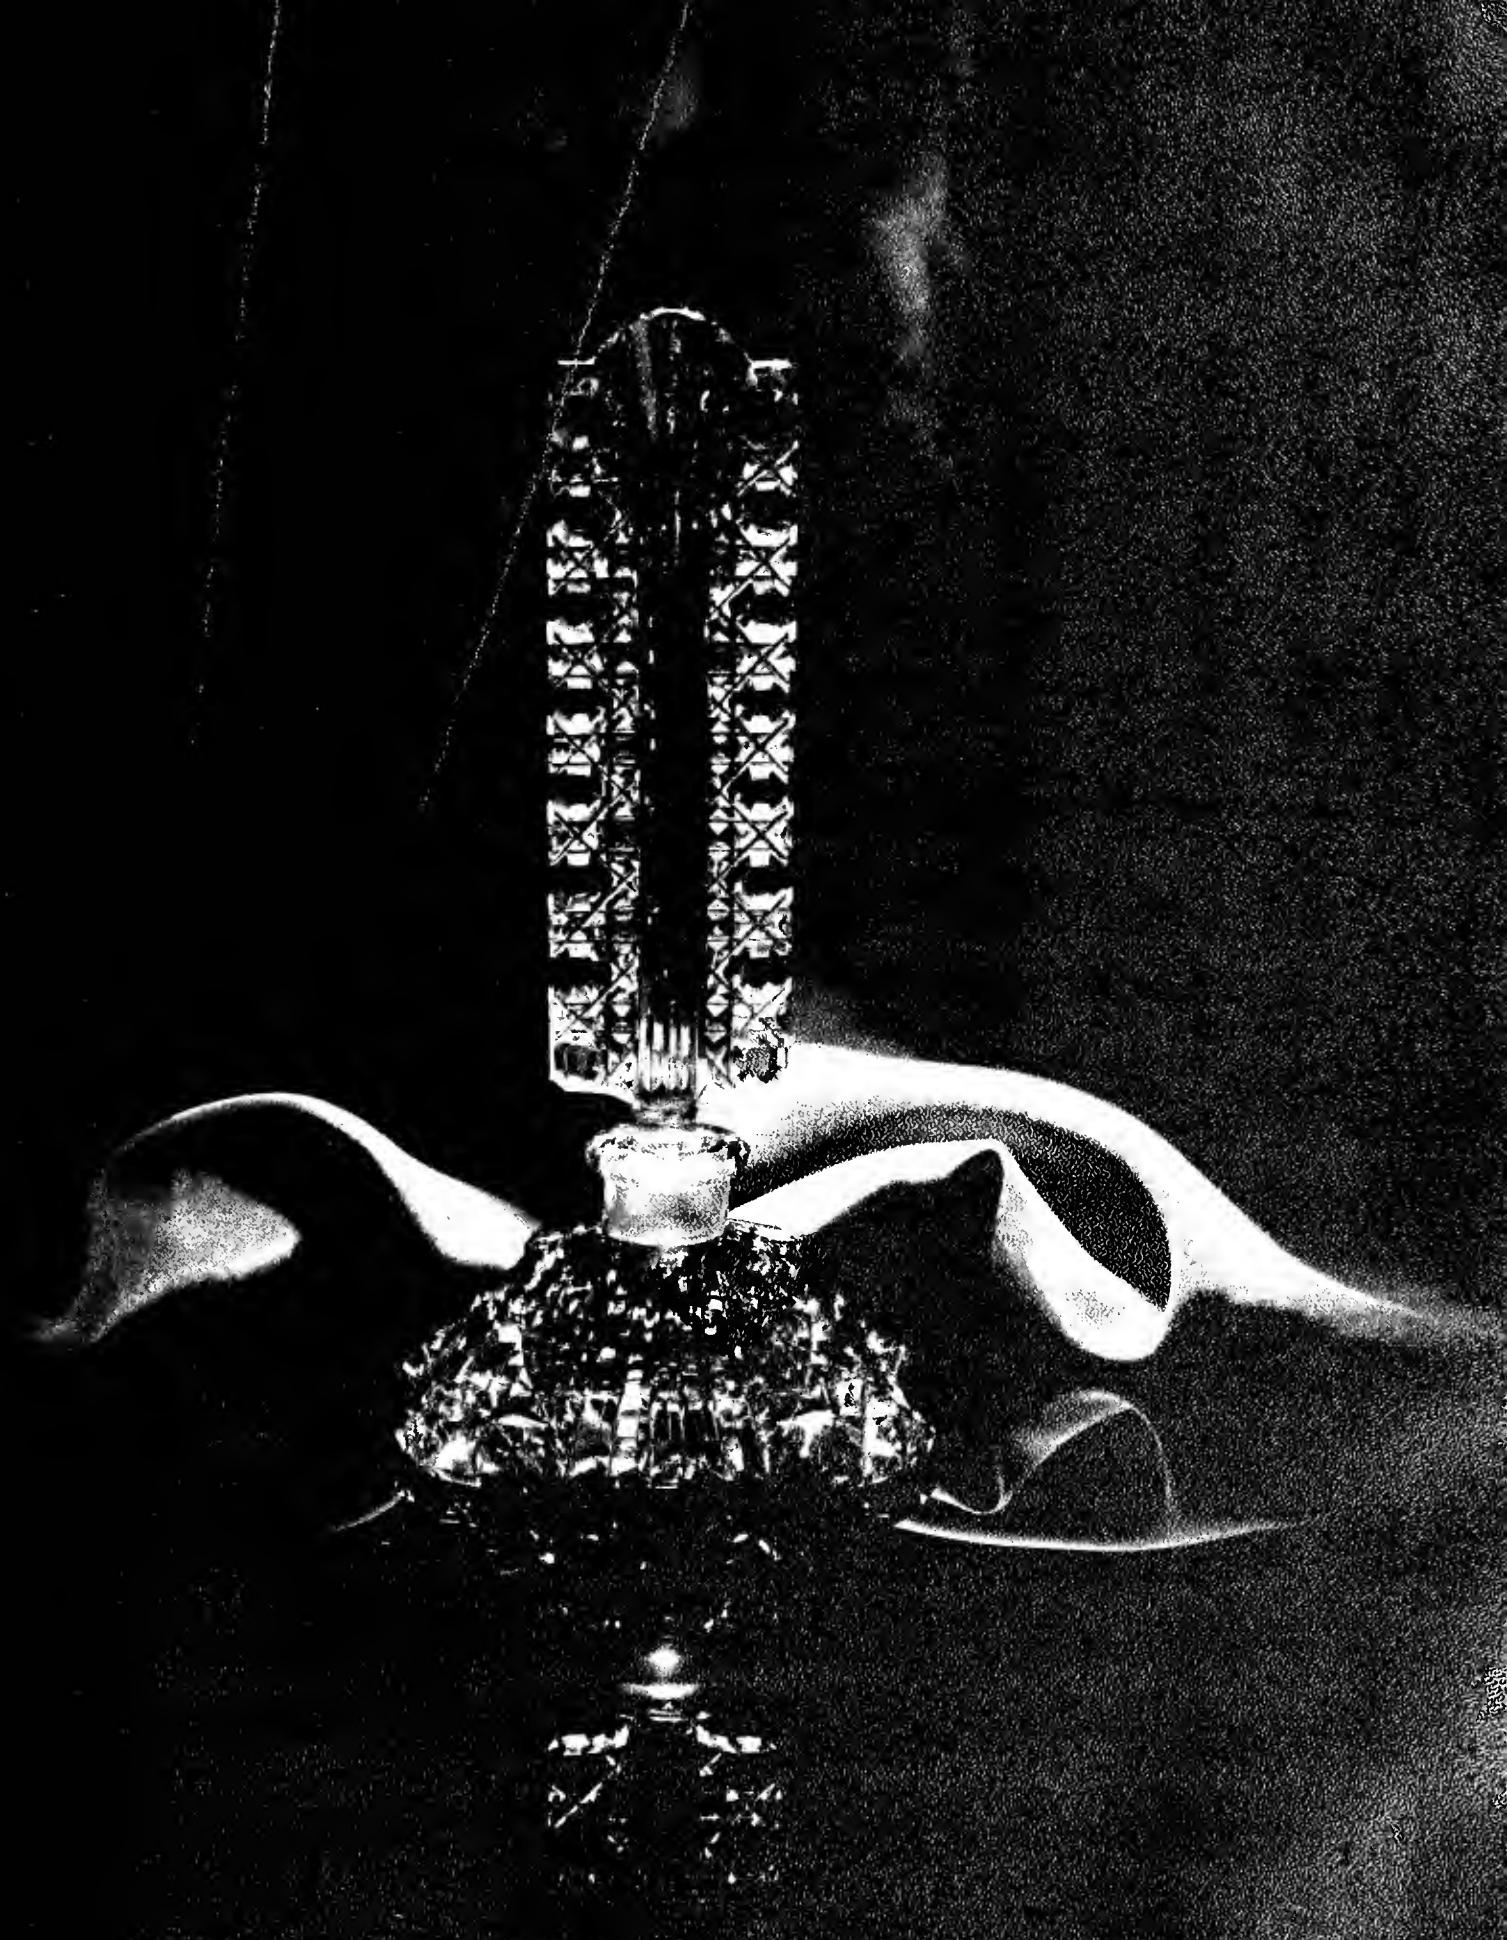

Keith is getting help with his "sermon building"—no better place than the
library. Millicent Moseley is a steady customer at the library too—no
connection. Oh, no?

George and Eleanor seem happy about it all. Could it be a sprained ankle?

Florrie admires her football hero, Connie, even on crutches.

Stanley and Christine—we hear they will be having home-cooked meals
this fall.

Heard and Mary Miles—just for information Mary Miles is not disobeying
rules—she only has her mouth open.

Favorites

1940 HORNEF FROG PRESENTATION BALL

Homer Tomlinson, acting as Master of Ceremonies, opened Texas Christian University's tenth annual Horned Frog Presentation Ball on December 16, 1939. The event has advanced from a Style Show held in the Auditorium to a Ball held this year for the first time off the campus at the Woman's Club. Twelve favorites, three selected from each class by their class members, were presented as candidates for a full page in the 1940 school annual, The Horned Frog. The Alma Mater song played by Jimmy Petty's Orchestra began the Revue, and the girls with their escorts entered a setting of ferns, smilax and mistletoe to the tune of their choice.

Some of the Loys whoop it up around the B. A. office . . . The mail comes in on the coach . . . and since some of the students didn't want classes . . . they relax with "cigarettes" while "The Perfesser" gives us an "opus" . . . The crowd gathers around to watch the jailin'.

Around The Campus During Ranch Week

In the middle of the first picture is Gertrude Robertson; she just loved to see those mean men penned up.

To make double sure that he didn't get jailed Professor A. L. Crouch brought his lead fingers as well as his hands for the occasion.

On top of the stand are Lady Holt Kray, Fernie, Chae Mc-Kinney, and Ed Finlayson. You could see Pop Cyrus if

Mrs. Murphy didn't take up so much room with her "Ugh!" She smiled tho.

It took Margaret Helen Pyron to show Morris Right where to put his little foot. 'Course they were not the only ones who had to learn where and how.

"Cupid" Clark—what more need be said.

Judge "Roy Bean" Patton presidin' over the case of "hoss thief" Charley Williams, defended by W. O. DeWees, who questions witness Bob Johnston . . . Shootin' irons are drawn as there is an objection made to an answer given George Harrison, witness for the defense . . . Then! A daring escape from the county court house.

Jewel Dillinger and John Lucas enjoy the "chow" as do Cleland Early, Jimmie Schroeder, Jimmie McGalliard, and even the fellow who ate through his fuzz.

Mrs. Harris decided that the only thing that would round 'em up for "grub" would be the good old-fashioned dinner bell.

After dinner Charley Cope gives final instructions on square dancing in the little Gym.

Varsity Show

Reading from left to right: Kenneth Wood, Associate Director; Erle Powell, Associate Producer; Maria Domina, Director; Stanley Wilson, Producer; Bill Allen, Junior Chamber of Commerce Representative; and George Campbell, Musical Director and writer of the musical score.

At the bottom is Troy Douthitt, who wrote the lyrics and continuity with George Campbell.

BEHIND THE SCENES

Billy Amos helps James Barnhill, the stage manager, move a table in the FLASH IN THE PAN scene. The sets were designed by Connie Jackson who first built them in miniature. Pauline Rangely worries in her official capacity as one of the assistant stage managers. Harold Caylor and Bill Patton take care of the ticket sales. Sam Jackson, publicity photographer, worked for the show too. And it was Charles Prior who handled the simple and effective lighting effects.

THE SHOW BEGINS

Miss Domina surveys the cast during a moment of relaxation.

George Campbell rehearses the orchestra through the intricacies of "One Glimpse of You."

Marcia Gallagher had the old men of the Jr. Chamber of Commerce bug-eyed, and they enjoyed Frank Boggeman's singing.

It was Henry Swain, though, who as Master of Ceremonies, kept them in stitches.

The Rotary Club also got a preview of the Varsity Show line-up.

All this was for publicity's sake, and these pictures are some of those used by the newspapers in the campaign.

FINAL REHEARSALS

Marcia Gallagher is fitted with one of the costumes.

Eltine Porterfield tries out his bicycle for the opening scene—all right, so what?

A scene from the "grid" as viewed by the cameraman—but the chorus must watch from the wings as Miss Domina does some directing.

The girls rehearsed the rumba number and then they tear it all down for finishing touches on the set.

Final rehearsal on the Oriental Scene as well as the "Flash in the Pan" scene, go off like clockwork.

Dan Lloyd tries out the spray gun that ebonized Lenora Salmon.

George gives a last rehearsal on the Finale.

OPENING NIGHT

The Bishop confronts his wife, who tries desperately to hide the "yes it is" man.

•

The Oriental scene as it looked from back stage and as it looked to the candid camera's eye front row.

•

Henry Swain and Gloria Sadler cut up in the "Flash in the Pan" scene, as "high yaller" coons.

FINALE

John Hays leads the entire cast in the last scene of the last performance.

Helen Ruth Verheyden, the little lady who stayed behind the Varsity Show with lots of hard punches of good publicity, enjoyed the picnic given for the cast—and well she deserved it, too.

Miss Domina made her farewell speech to the cast the night of the last performance, but was still camera-shy.

Sports

Two home-grown products, Head Coach Leo R. "Dutch" Meyer and Line Coach Lester Mike Brumbelow, have compiled quite a record in their stay with the Purple and White. Dutch came to T. C. U. 23 years ago, and in his five years as head coach has won 47 games, lost 18 and tied four. His teams have seen action in the Cotton Bowl, and twice in the Sugar Bowl, being the victor in all three starts. In conference play, Meyer-coached teams have won 22, lost 11 and tied three.

In 1936 Mike Brumbelow returned to his Alma Mater, after Bear Wolf resigned, and since that time has coached several all-Americans, and numerous all-conference linemen.

Taken one day during spring training after the No. 1 White team had rolled for yards and yards. Could it be that Dutch sees something bright in the future?

The secret of Mike's success is that he knows how to do it himself—and well. Here he is showing the fine points of the game to James Hampton. Capt.-elect Clarence Alexander looks on.

Co-Capt. Don Looney and Capt. Bud Taylor played only three years of varsity ball for Texas Christian University, but their exploits will go down in the bright pages of the Purple and White football. Both linemen, these two boys have acquitted themselves in true hero fashion in their stay at Frogland, and due credit should be paid them. Both boys were picked in 1938 on several all-conference teams, and Looney received honorable mention on several all-American teams that year. Don was voted the most valuable player on the squad for the 1939 season.

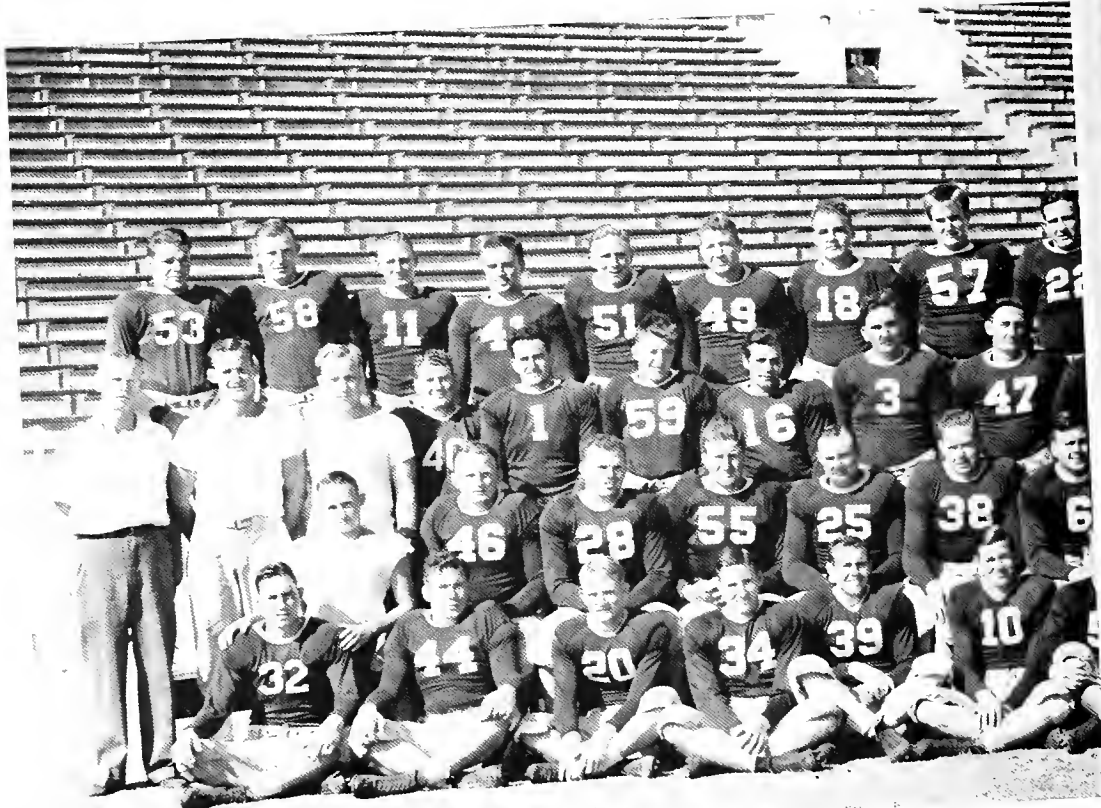

Atkins—Lester—Aldrich—and again a great center, Clarence "Lefty" Alexander, will lead the Frogs into battle.

For a running mate, Lefty will have Logan Ware, the boy from the sticks who made good in the big show.

1939 Football In Thumbnail Review

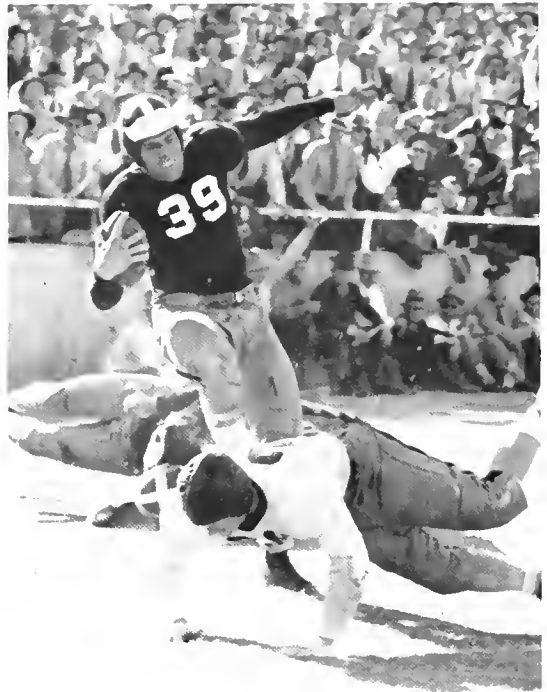

On Sept. 29 a delegation from T. C. U. invaded the West Coast and the campus of U. C. L. A. The eyes of the nation were focused on the Frogs because of their top rating in 1938, and although the Bruins defeated the Purple 6 to 2, everyone, including the battered Uclans, knew that the Frogs had been in the ball game . . .

Logan Ware gains 10 yards on one of the Frogs' vain drives deep in U. C. L. A. territory.

WOODROW ADAMS

Rusty Cowart did his bit at stopping the Aggies when he blocked Big Jawn out of bounds on the six-yard line. The Aggies carried the ball over a few plays later.

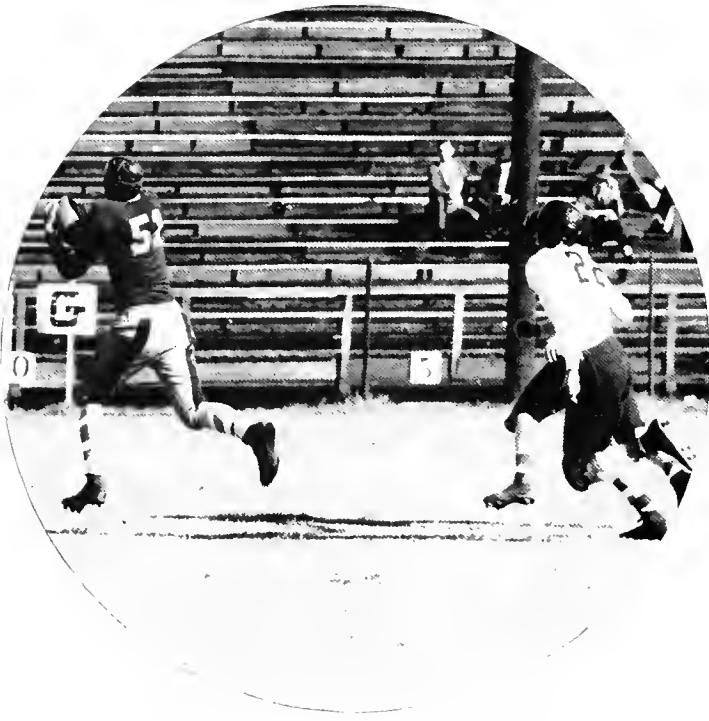

CONNIE SPARKS

... From Los Angeles the Frogs came home, but stopped only long enough to repack their bags, then off to the hills of Arkansas and the Razorbacks. The Hogs were ready for the invasion, and the Frogs returned home beaten again, this time 14 to 13. With hardly a breather the Christians next journeyed north where the Temple Owls were ready and waiting, and again the Frogs had a long train ride for nothing ...

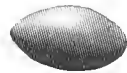

Just an idea of how the Ags smothered the Frog ball carriers. Spud Taylor was trapped behind the line on this play.

Connie Sparks takes a pass behind the Centenary secondary for a touchdown.

EARLE CLARK

CHARLIE WILLIAMS

... This time it was Temple 13 to 11 over the Toads. After 5,000 miles of travel the Frogs came back home to face those "Terrible Aggies," who had already been marching over hapless foes with no regard. The Frogs scored first, but then the Ags began to roll, and when the smoke cleared up, it was 20 to 6 in favor of the Cadets ...

Jack Herring is shown circling the Gents' line for a six-yard gain.

RUSTY COWART

Baylor carried the ball into the T. C. U. line and fumbled, but recovered over the goal line for a touchdown.

... After four straight defeats, the Meyermen drew the first blood of the 1939 season. Centenary furnished the opposition. The long deprived Frogs found their stride for a brief moment and at the end it was T. C. U. 21, Centenary 0. But only for a brief moment did the Toads rise out of the depths, because next Baylor was played. The Bears had ...

An example of Kyle Gillespie's passing arm. Don Looney took the pass for an eight-yard gain against Baylor.

JACK HERRING

... what is known as a "heyday" at the expense of the Frogs. The final count was 27 to 0 in the Bears' favor. Back to Fort Worth with Tulsa University as the guests, the Frogs patched a few fences, and Col. Kyle Gillespie led them to a 16 to 0 victory over the Hurricane. The game was played in a sea of mud with only a handful of fans present...

LOGAN WARE

No. 10 finds his mark again. Even with the muddy ball, Gillespie completed over 50 per cent of his passes against Tulsa.

Gillespie had the fans on their feet on this play. The man with his hand on Kyle missed him, and Capt. Bud Taylor blocked the other Steer out of the play, leaving almost a clear field to Gillespie—however, he was caught.

KYLE GILLESPIE

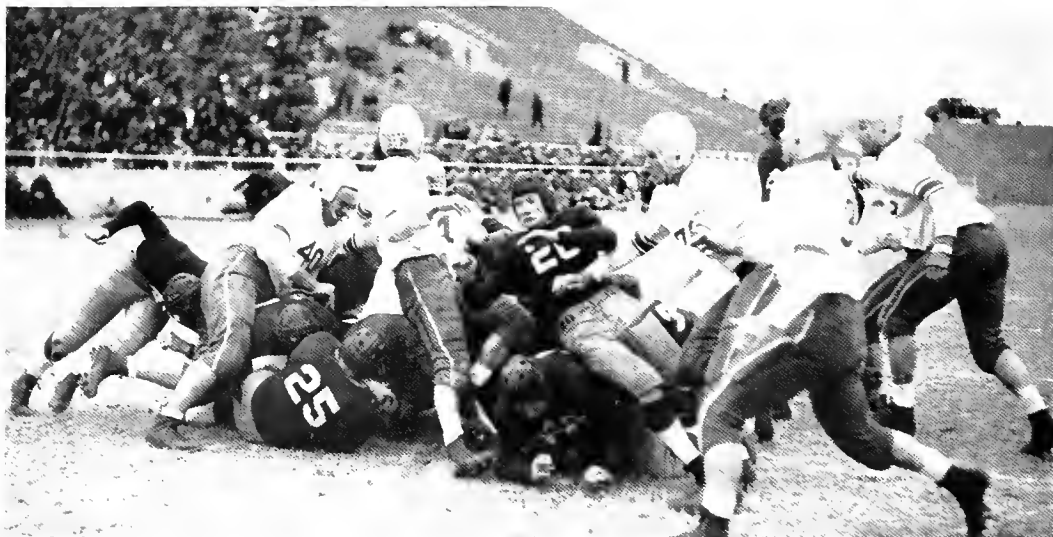

. . . The Frogs had heard a lot about Jack Crain and Company, but it remained for Gilly Davis, 146-lb. Steer fullback, to really show the Purple a few things in the way of fancy broken field running. It was a wild game with the lead changing hands several times, but at the end it was Texas 25, T. C. U. 19. For their first conference victory of the season . . .

JACK ODLE

Padless Gilly Davis bogged down in this picture, but only after running 20 yards.

While Connie Sparks is not evident, he is under the pile-up with the ball over the Rice goal line.

. . . the Frogs picked on Rice. At times the Purple and White machine flashed brilliant form, at least at long enough intervals to give them a 21 to 0 victory over the Feathered Flock. To top off one of the worst years in T. C. U.'s football history, the S. M. U. Mustangs came over from Dallas and administered a 14 to 7 defeat. It was . . .

Freshman

Freshman activities under Coach Walter Roach did better than average this year. In football, the Wogs were undefeated, winning from Weatherford Jr. College 24 to 0, Baylor 28 to 6, and S. M. U. 12 to 0. In basket ball, the Wogs were never able to get going, dropping all of their conference games, however, they did win several games with city high schools. In baseball and track, the freshman squad made creditable showings. The baseball boys, under David O'Brien, defeated several city high school teams, while the track team, under Poss Clark, entered in the freshman division of several track meets, winning numerous points.

Basket ball at T. C. U. had a hard drouth, but the cagers of 1940 did manage to break into the victory column one time, that at the expense of A. & M., 64 to 55. In pre-season games, the cagers showed promise of winning a few of their ball games, but as the season progressed the Frogs seemed to lose steam. In the Oklahoma invitation tournament before Christmas, the Frogs won the consolation bracket, being defeated only once, that by the winners of the tourney. The conference standing for 1940:

COACH POSS CLARK

This year's track squad was one of the weakest Frogland has had in several years. To date no meets have been won. The Frogs' biggest chance for a victory came when they went up against the Yellow and Green-shirted boys from Baylor in a dual meet, which they lost, 75 to 60. Capt. Gail Smith, P. C. Taylor and Jim Nicol swept the distance races in this meet.

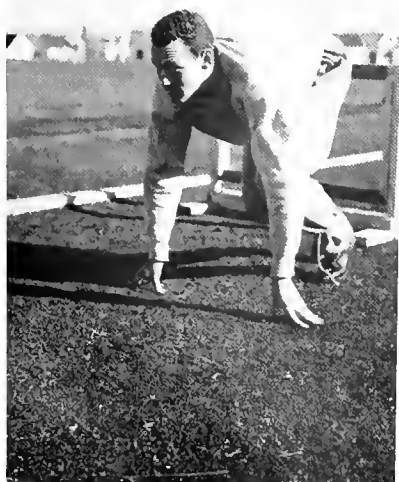

The Frogs finished third in a triangular meet with North Texas Teachers and S. M. U. One of the biggest faults of the track team the past spring was the lack of balance. For instance, not a single pole vaulter was on the squad. Coach Poss Clark is depending on his freshmen and returning lettermen to bring the tracksters out of the slump next year.

The two main point winners of the track team, Bob Cook, left, and Capt. Gail Smith, right. Cook specializes in weights, while Smith does his best work in the 880-yard run and mile.

The Frog baseball team, under its new coach, Walter Roach, made considerable headway this year in re-establishing T. C. U.'s "minor" sports. Up to time of publication they had won four games, but with the hard part of their schedule being behind, they should improve their standing before the race is over.

The golf and tennis teams had some of the best material in several seasons, but both got off to a slow start. When the annual went to press, the golfers had suffered three defeats, while the netters gained a smashing 7 to 0 victory over the A. & M. net team for their only victory.

Veterans W. F. Rankin, Benton Beasley, Wallace Fitzgerald and Capt. Gilbert Jackson and Sophomore Ed Revercomb won the first five places on the golf team.

They dropped two matches to a fine T. W. C. team and one to S. M. U. Beasley won a singles match from the Mustangs and Revercomb, playing the No. 1 spot, defeated the Rams' No. 1 man for the only individual Frog victories. Beasley placed third in the Fat Stock Show Meet.

The Woman's Sports Association is open to all girls who are interested in sports, and provides recreational activities for their leisure hours.

The organization is divided into groups, each one led by a manager, according to special interest in tennis, swimming, golf, badminton, archery, team sports, or hiking.

Social activities for the year included an open house, a progressive leap-year dinner, the annual spring camping trip at Lake Worth, and a farewell luncheon, at which awards for work in the club were given.

The W. S. A. is the largest organized group on the campus.

This was an unusually busy year for the famous Horned Frog Band, but it will always remain in the memory of every bandsman as the "year of the big train wreck." The "Swingsters" started off the year with a big bang when they boarded the Los Angeles-bound train which was wrecked a few miles out of Fort Worth. Members of the band helped in holding the crowd and searching the jumbled coaches after the wreck.

Football games were the main interest of the Band throughout the fall as well as the regular weekly concert over WBAP. During the spring semester the bandsmen appeared in a concert every day during the Southwestern Exposition and Fat Stock Show.

Director Don Gillis continued the work with the concert band and presented the annual spring series of concerts. The series was terminated with a "Jamboree of Swing" when the band forgot all its "long-haired" music and was strictly "jive and jam."

The Bryson Club is one of the oldest clubs on the campus. It was organized in 1923 to encourage students in the production of all types of literature and was named in honor of Walter E. Bryson. In 1933 it became more than just an English organization, and membership has been extended to sophomores as well as juniors and seniors.

The Brysonites continued the work started last year on a scholarship fund and also sponsored a style show. There was a reception for the faculty at the Colonial Hills Club, a Hallowe'en party, a Christmas banquet and a formal initiation of new members, as well as the regular meetings and the various entertainments given by Miss Lorraine Sherley, faculty sponsor, at her home.

CHAMBER OF COMMERCE

The T. C. U. Chamber of Commerce is composed of junior and senior men majoring in the School of Business. It was organized in the spring of 1939 by the present senior members.

The purpose of the club is to give the members practical experience in chamber of commerce work, aid in every way possible to make T. C. U. a better university, help students in obtaining part and full time positions and to handle all of the social functions of the School of Business.

During the past year, besides all the regular contributions to campus life, the C. of C. sponsored the first Ranch Festival, produced the Varsity Show and brought many local business men as speakers to its weekly luncheons. Malven Stevenson is second vice-president.

Student Christian Association

The Student Christian Association is one of the largest and most active organizations on the T. C. U. campus. All students interested in Y. W. C. A. and Y. M. C. A. work are eligible to join. Students enter groups which particularly meet their own interests.

In addition to the social service division, which has 25 members doing volunteer social work among the underprivileged children of the city, there are two upper classmen groups and three freshmen groups. All groups give students opportunity for enjoyable social relationship and to become better acquainted with faculty sponsors.

The S. C. A. aids the Student Council in the "Big Friend, Little Friend" affair during Freshman Week activities in September. Each June delegates attend the S. C. A. camp for study and recreation at Hollister, Mo.

HORNED FROG

The Horned Frog gives you a record of your activities of the year 1939-40. There is a Chinese saying that a picture is worth a thousand words. We don't know whether Confucius had anything to do with that or not, but anyway you add it up, and it seems that it would make the 1940 Horned Frog and its many pictures equal to a shelf full of books.

It required, and got, the full co-operation of the staff working smoothly to give you the finished book. The only glory that each staff member wants is to know that you enjoy the book—along with the satisfaction of the knowledge of having done a job to the best of its ability.

The Skiff gave us wonderful support in publicity. The Student Council helped immeasurably with the Presentation Ball, and students, we appreciate the way you co-operated by having your pictures made and giving us your snapshots.

We can only hope that you like our best.

LOS HIDALGOS

Conducted in a delightfully informal way, Los Hidalgos has for its primary purpose the stimulating of interest in Spanish-speaking countries. Spanish songs and plays are presented.

Made up of Spanish students, Los Hidalgos studies the customs and manners of Spanish-speaking countries. The initiation dinner consists of Spanish food, served in Spanish fashion. Besides this dinner

at the first of the year, Los Hidalgos has each year a progressive dinner, at least one picnic and several parties for its members.

MELIORIST CLUB

"Life's not all bad, not all good."

Sounds like Confucius, but the above phrase sums up the philosophy, as well as interprets the name—Meliorist.

Devotional and inspirational programs, followed by educational or social activities and a fellowship period are some of the reasons the Meliorist Club boasts 75 members.

Dormitory and town students gather each Sunday night at the University Christian Church to combine their efforts for fellowship and instruction, and to learn to take into consideration the other person's opinion. The Rev. Perry E. Gresham is sponsor of the club.

W. J. MARSH, Director

MIXED CHORUS

The T. C. U. Glee Club is an organization of approximately 55 students from all departments who gather in rehearsals twice a week to memorize choral numbers which they sing on chapel programs, on radio broadcasts, in high school and local church performances and on the annual tour of about 1,500 miles.

They are under the direction of W. J. Marsh, known to the members as "Uncle Billy."

The season of 1940 included about 30 performances, 12 of which were on the tour to New Orleans. A Varsity Club of 40 members made this trip and stops were made in Waco, Austin, Smithville, Alvin, Houston, Beaumont, New Orleans, Alexandria, Center, Mineola and Dallas.

NATURAL SCIENCE SOCIETY

The Natural Science Society has been organized for thirteen years. One of its aims is to bring items of scientific interest to the members of every branch of the sciences.

This year the programs included lectures by Dr. Andujar of the Harris Memorial Methodist Hospital, Dr. J. Clark Streett, Miss Ethel Bennett, Dr. Pescor of the Narcotic Farm and J. R. Hughes of the Geologic Scientific Company.

The social activities consisted of an old-fashioned Christmas party at the home of Miss Frances Buster, a dinner-dance at Colonial Hills and a barbecue at Wiley Alliston's farm.

PARABOLA CLUB

Students must have a "B" average or better to be eligible for membership in the Parabola, an honorary mathematics club, whose purpose is to promote interest in the subject and to foster scholarship. The club is not all technicalities, as it figures prominently in the campus social world.

Members attended a goulash stew in Forest Park to open its activities for the school year, everybody bringing his own bowl and spoon. There was also a Christmas party, and the members had a "bumping" good time at a skating party. As a climax, the students held a banquet and dance at the Colonial Cafeteria. The final gathering was the initiation of new members at a picnic at the Eagle Mountain Camp of Prof. C. R. Sherer, faculty sponsor.

SIGMA TAU DELTA

"Sincerity, Truth, Design." This is the motto symbolizing the Greek letters of Sigma Tau Delta, a national honorary English fraternity.

The purpose of this order is to stimulate a desire on the part of its members to seek to express life in terms of truth and beauty and to make first hand acquaintanceship with our chief literary masterpieces.

Membership is limited to upper classmen majoring or minoring in English who have an "A" or "B" average in English. This year Sigma Tau Delta members have discussed and heard lectures on modern fiction.

Dr. Rebecca Smith is sponsor of the club.

THE SKIFF

The purpose of The Skiff is two-fold:

It is the instrument through which students in the department of journalism receive practical newspaper training, and it is the disseminator of campus news.

Editorially, The Skiff this year helped promote the Varsity Show and Ranch Week, two great publicity sources for T. C. U. during 1939-40.

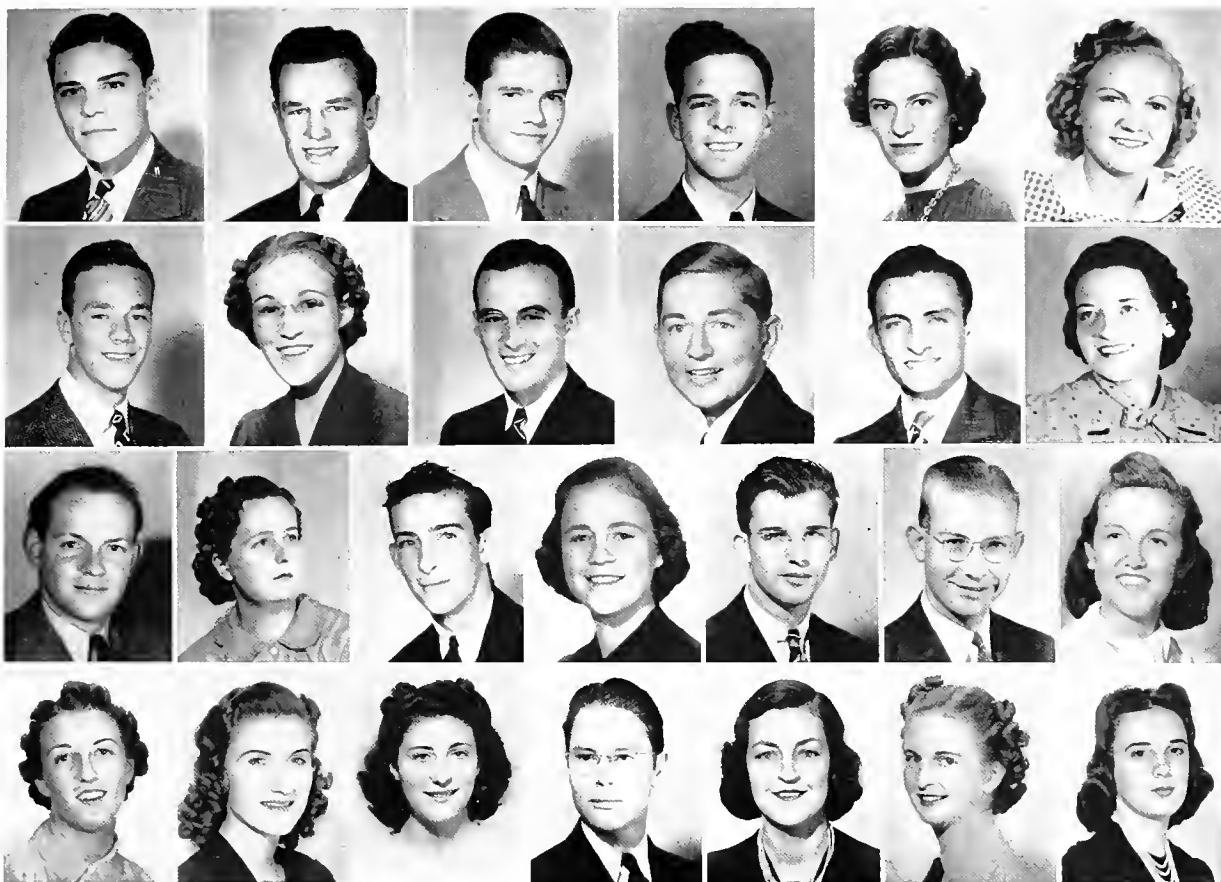

The Skiff published a special pre-school issue, the first free student directory in the University's history, promoted contests to determine the "Most Representative Students" on the campus and the school's "Most Popular Student," and helped publish the annual Yellow Peril, scandal sheet.

Members of The Skiff staff took five field trips during the spring semester and edited newspapers at Mineral Wells, Gainesville, Cleburne, Ennis and Breckenridge. The Skiff also celebrated "Journalism Week" during which members of The Skiff staff edited the Fort Worth Press.

The Symphony Orchestra meets three times a week for practice sessions. Besides its really creditable playing in chapel each week, the orchestra also played frequently on the Campus Variety Show while it was on the air on KFJZ.

The primary intention of the orchestra is to acquaint its membership with outstanding orchestral compositions, but the group also is very generous with its time when called upon to play for different programs. They play semi- and light-classical compositions and appeal to a wide circle of students and friends.

Prof. Claude Sammis is the director of the Symphony Orchestra.

"T" ASSOCIATION

Boys who letter in any of four sports, football, basket ball, baseball or track, automatically become members of the "T" Association.

If lettering isn't stiff enough, there comes a week of initiation for new members. After being thoroughly initiated, the new members are eligible to attend all the spring social activities which include dances, parties and picnics.

A "T" Card is issued to each member for \$1 which assures entrance to all sports events at T. C. U., free of charge.

Snap Course Towns

Texas has 301 towns, on our network alone, where it's easy for smart women to make straight A's in First Year Housekeeping, because they can have automatic refrigeration, water heating, cooking, and house heating with their cheap Natural Gas. We were the pioneers 30 years ago in this business of piping gas across West Texas, and today Texas leads the world in Natural Gas production.

Graduation day with its parties and dinners, programs and diplomas—all honor your accomplishment. You've made good at "going to school." Now, as you go forth to some new task with the knowledge, friendships and experience gained in your school days to help, the member banks of The Fort Worth Clearing House Association join in congratulating you on this success . . . hoping for you even greater accomplishments in the future.

Electricity IS SERVICE

...not Just "Juice"

● It's very simple. With the flick of a switch comes the electric "juice" that brings comfort and health for you and your family . . . and precious sight-protection, too.

But . . . to provide this reliable, valuable service is not a simple thing. It involves the ceaseless efforts and watchfulness of trained employees . . . thousands of miles of wire, forests of poles, thousands of transformers. Millions of dollars are invested in power plants, substations and other equipment. Each year many thousands of dollars are spent for maintenance to keep all of this equipment in good working order . . . to make sure that you will have dependable electric service.

SOMETHING MORE THAN

PAPER

ANY printer can sell you a few slugs of type, some paper and a splash of ink . . . but Stafford-Lowdon gives you **more** than that!

Our large organization includes experts in design, layout, copy and illustration—as well as typography, paper and ink. So we mix these "raw materials" of our craft with ideas, talent, skill and experience . . . and the result is printing and lithography of beauty, strength and distinguished appearance.

And the gratifying fact (from your point of view) is that type, paper and ink cost little if any more—when **blended with brains!**
